

Ratios Policy

As a Care Inspectorate registered Childminder, I am registered to care for no more than 30 children between the ages of 4-12 years old. There must be 1 adult for each group of 10 or part thereof.

I am happy for children to complete homework tasks and will provide them with age-appropriate resources and a quiet area for studying, if required. I will be on hand to answer quick/simple questions with regard to homework. However, I will not usually be available to sit with children and go through it with them, as I will have other children who also need my attention.

All older children in my setting will be expected to set a good example to the younger children. The older children in my setting will never be asked to look after the younger children. They will not be allowed to pick up other children and will not be left alone without supervision for any length of time. My staff and I are fully responsible for all the children while they are in our care.
